

YOU *too* CAN HEAL

*Lifetime student of Dr. George King shares
a message of hope for everyday wellness*

Spiritual Healing. Pranic Healing. Natural Healing. All are terms used to describe the power we possess to heal ourselves and others. A perfect compliment to traditional medical treatment, this ancient practice is increasingly accepted in mainstream medicine. In fact, by 1983 the government of Her Majesty Queen Elizabeth II officially accepted Spiritual Healing as a treatment covered by the British National Health Service. Why would a prominent, Western government do such a thing? Because Spiritual Healing works, and the people demanded its acceptance by petition.

Now across the world, from executive suites to the humblest kitchens, people everywhere are tapping into the healing energy of the universe. It's not an exclusive club: anyone can do it. There are no religious, racial, gender, age, occupational, or philosophical restrictions of any kind. The only requirements? A deep feeling for those who suffer, and faith in your own abilities.

Wajid shares this practical, dynamic and life-changing message of hope—based on the groundbreaking work of world renowned healer and Yoga Master Dr. George King—with audiences everywhere. Engineer by training, actor by trade, Wajid is your entertaining host for the opportunity of a lifetime.

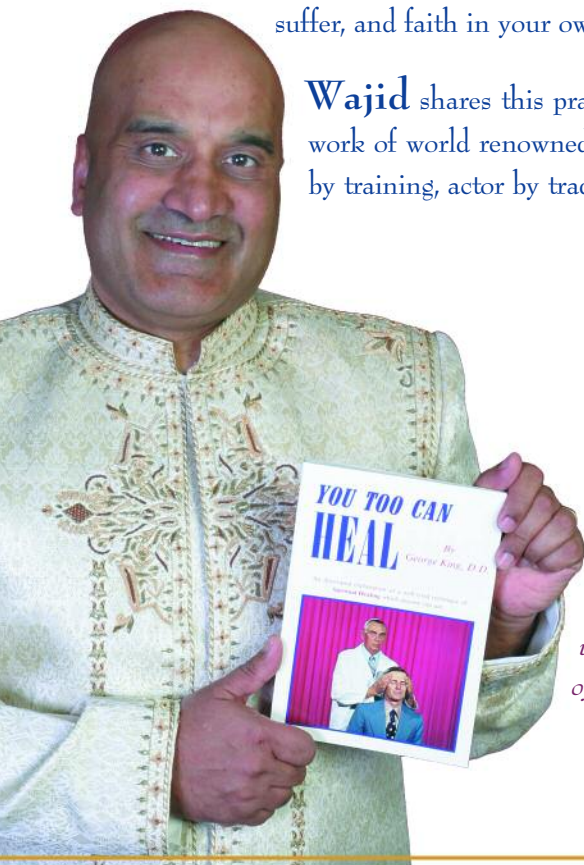

Your audience will learn:

- ✦ **Spiritual Healing**—the science and technique behind this compliment to modern medicine
